TRUTH-IN-SAVINGS DISCLOSURE

(Blanks to be filled in by SECU representative)

(Month) CERTIFICATE OF DEPOSIT

Rate Information (fixed rate account)

The interest rate on your account is % with an annual percentage yield of %. You will be paid this rate until first maturity.

Compounding frequency – Unless otherwise paid, interest will be compounded every month.

Crediting frequency – Interest will be credited to your account every month. Alternatively, you may choose to have interest paid to you or to another account every month rather than credited to this account.

Minimum balance requirements:

The minimum balance required to open this account is \$1,000.00.

You must maintain a minimum daily balance of \$1,000.00 in your account each day to obtain the disclosed annual percentage yield.

Daily balance computation method

Interest is calculated by the daily balance method, which applies a daily periodic rate to the balance in the account each day.

Accrual of interest on non-cash deposits

Interest will begin to accrue no later than the business day we receive provisional credit for the deposit of non-cash items (for example, checks) to your account.

Transaction limitations:

After the account is opened, you may not make deposits into the account until the maturity date stated on the account.

You may make withdrawals of principal from your account before maturity only if we agree at the time you request the withdrawal. Principal withdrawn before maturity is included in the amount subject to early withdrawal penalty.

You can only withdraw interest before maturity if you make arrangements with us for periodic payments of interest in lieu of crediting.

Time requirements – Your account will mature .

Early withdrawal penalties (a penalty may be imposed for withdrawals before maturity) – The penalty we may impose will equal 90 days interest (for less than 18-month term), and 180 days interest (for 18-month term and greater) on the amount withdrawn subject to penalty.

In certain circumstances such as the death or incompetence of an owner of this account, the law permits, or in some cases requires, the waiver of the early withdrawal penalty. See your plan disclosure if this account is part of an IRA or other tax qualified plan. For any account, which earns an interest rate that may vary from time to time during the term, the interest rate we will use to calculate this early withdrawal penalty will be the interest rate in effect at the time of the withdrawal.

Withdrawal of interest prior to maturity – The annual percentage yield is based on an

assumption that interest will remain in the account until maturity. A withdrawal will reduce earnings.

Automatically renewable account – This account will automatically renew at maturity. You may prevent renewal if you withdraw the funds in the account at maturity (or within the grace period mentioned below, if any) or we receive written notice from you within the grace period mentioned below, if any. We can prevent renewal if we mail a notice to you at least 30 calendar days before maturity. If either you or we prevent renewal, your deposit will be placed in an interest-bearing account.

Fixed Rate – Each renewal term will be the same as the original term, beginning on the maturity date. The interest rate will be the same we offer on new time accounts on the maturity date, which have the same term, minimum balance (if any) and other features as the original time account. You will have a grace period of ten calendar days after maturity to withdraw the funds without being charged an early withdrawal penalty.

(Month) IRA CERTIFICATE OF DEPOSIT

(Traditional or Roth)

Rate Information – The interest rate on your account is % with an annual percentage yield of %. You will be paid this rate until first maturity.

Compounding frequency – Interest will be compounded every day.

Crediting frequency – Interest will be credited to your account every month.

Minimum balance requirements:

The minimum balance required to open this account is \$500.00. You must maintain a minimum daily balance of \$500.00 in your account each day to obtain the disclosed annual percentage yield.
